## Wrap-Up Camera Case and Millipod Micro-Tripod

**Picture the Convenience.** Point and shoot cameras define ease-of-use—and Always-On takes that convenience to the next level. The Wrap-Up is quick, easy to use, and available in fun, fashionable colors. The built-in micro-tripod allows you to get in the picture.

### Wrap-Up Camera Case

- Stays attached so you'll never lose it
- Easy-Wrap closure opens fast so you'll never miss a shot
- Stretches to fit most compact cameras
- Great protection in a small, easy-to-use case

### Millipod Micro-Tripod

- The slimmest tripod available
- Stays attached so you'll never lose it
- Adjustable front leg holds the right angle
- Great for family photos, self-portraits, or anytime you need a tripod

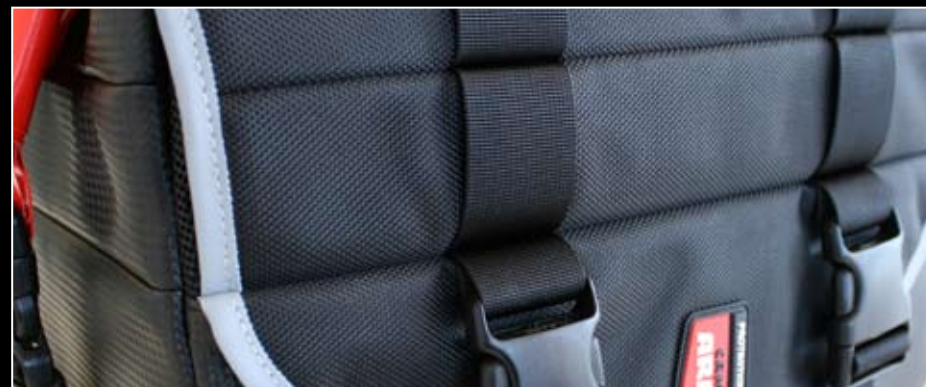

### Wrap-Up Camera Case & Millipod Micro-Tripod Combo

- All of the above features in one, easy-to-use product

**Unwrap and shoot—Wrap-Up and go!**

## Protective Skin for Your DSLR

We love our cameras as much as you do. That's why we designed **Camera Armor** — the only choice for full-time protection. Each model is engineered to provide maximum protection while allowing full access to all controls, compartments, and ports. **We shield while you shoot.**

### Camera Armor Features

- **Rugged Silicone Body Armor** provides easy access to controls and improved grip
- **Optical Grade LCD Shield** protects LCD screen from scratches and abuse
- **Lens Armor** stretches to fit most lenses
- **Lens Cap Leash** attaches to your cap so you don't lose it
- **Full-Time protection** keeps your camera looking new
- **Great Impact Protection** for your valuable equipment

**Models Available for most Canon, Nikon, Sony, Pentax, Olympus models**

**Battery Grip Armor** fits Canon 20D, 30D, 40D, 50D, 5D, Nikon D80, Fuji S5

Rugged, custom-fit cover for battery grip provides protection from impact and abrasion while allowing full access to all grip features. Works with Camera Armor skins or on its own.

**Focus on the shot —  
we've got you covered.**

ELEMENTS

## Seattle Sling and Seattle Solo Dry Bags

**Waterproof Protection.** Patent-pending design combines proven dry-bag technology with intuitive, quick access and rugged impact protection. The Seattle Series is the perfect solution for the outdoor photographer. Whether hiking the rain forests of Peru, sailing the San Juans, or riding an adventure bike from Paris to Dakar, your gear will be protected from the elements with the **Seattle Series Dry Bags.**

### Seattle Sling Features

- Carries one camera body, 3 lenses, flash, and accessories in watertight dry bag
- Roll-top dry bag designed with wide mouth for easy access
- Messenger style "swing around" design allows quick gear retrieval and storage
- Padded back with lumbar pad for comfortable carrying
- Quick release stabilizing strap secures bag during strenuous activity

### Seattle Solo Features

- Watertight transport for one camera body with lens
- Convenient external accessory storage pouch
- Adjustable, padded shoulder strap
- Grab-and-go carrying handle
- Elastic shock cord for gear storage
- Padded back for comfortable hip carrying

### Camera Armor ToughStrap™ & SafeGrip™ Set

Three strands of stainless steel woven into our nylon webbing, combined with a heavy duty neoprene shoulder pad, make this one of the toughest camera straps you can buy. Metal connector rings ensure a positive connection so you don't have to worry about unintentional quick release. Adjustable length from 30"-50" allows the strap to be used in a variety of positions. Comes with our SafeGrip hand strap.

SafeGrip is also available as a stand alone SKU.
